

OUR STORY

Matthew's Seafood House began in 1974 by the Morano family with a simple vision—to bring the freshest seafood, warm hospitality, and a welcoming atmosphere to our community.

Built from the ground up and still serving Ocean Beach the freshest seafood.

Throughout the years, the whole family worked within these walls, 3 generations of Moranos & several generations of families in OB. Today Matthew, Vincent, Jen, Matt Jr & Adam remain running Matthew's ❤️

For over three decades, we've stayed true to our roots—sourcing the freshest seafood, preparing every dish with care, and treating every guest like family.

From our kitchen to your table, our commitment remains the same: quality, consistency, and genuine hospitality.

Thank you for being part of our story. We look forward to serving you for many years to come.
